

As Mark mentioned, we booked our hunt with Vladimir Melnikov, and Vladimir was in camp with us, as was Michael Stough. **Lou Rupp** (MO) and **Gary Rigotti** (OR) went to another spike camp, and **Garth Hardy** (UT) and **Dale Myrup** (UT) to yet another. Mark and I scored early and were able to leave a week ahead of time. The other two groups all got sheep too, but stayed for the full two weeks. Michael, from our group, got his ram in that second week too. Great hunt!

Dennis Campbell (AL) took this wide-flared and broomed Kamchatka snow sheep in August 2004.
