You may not have realized that the **COVER PHOTO** for *OVIS* this time

This New Zealand chamois was taken by Eduard Benderskiy (Russia) in March 2014. Eduard hunted with Kiwi Safaris.

Eduard Benderskiy (Russia) hunted with Iran Jasmin Safari during February 2014 and was able to connect with this Transcaspien urial.

This Esfahan mouflon was taken in Iran by Eduard Benderskiy (Russia) in February 2014. Eduard booked the hunt through ProfiHunt.

was, in fact, our long-term member Eduard Benderskiy. That photo is of him and his Esfahan mouflon he took in Iran last year. Americans have not been able to hunt in Iran, but Russians have, and we applaud Eduard for his great trophies from there in 2014. Of course, we congratulate him on being the cover photo this time as well.
