Enrique Fernandez (Philippines) hunted in Tajikistan in November 2003. Of course he was after the mighty Marco Polo, and had booked his hunt with **Vladimir Melnikov** and his company **Profi-Hunt Ltd.** Enrique says Vladimir accompanied his group for the entire trip. On the first day out, Enrique collected a beautiful ram. I am not sure exactly how many rams he is up to now, but he has to be getting close to the Ovis World Slam. Good luck on the next one, Enrique!
