

**Gary Parker** (NE) has accomplished something very few people have ever done, or will ever do. He has taken a Dagestan (Eastern) tur, a Mid-Caucasian tur, and a Kuban (Western) tur all on the same trip! It took almost a month for him to do that, but he got it done. I am looking at some e-mailed photos of two of his trophies that were sent by his outfitter **Vladimir Melnikov** of **Profi-Hunt**. I could use those now, but Gary, I will await your report to go along with them – and I am sure you will be sending along more photos then.

Gary and Vladimir hunted in Azerbaijan for the Dagestan, and two different Russian republics for the Mid-Caucasian (Kabardino-Balkariya) and Kuban (Karachayevo-Cherkesiya). I am going to use Vladimir's photo here, as he took a very good Dagestan tur in Azerbaijan after Gary had his on the ground. We await your full report, Gary!
