

This Kuban (Western) tur was taken in Russia by James H. Lake (CO) in August 2007.

We have some catching up to do for **James H. Lake (CO)** when it comes to his sheep and goats. James hunted in Siberia, Russia in September 2003 and got two different species of snow sheep, the Yakutia and Okhotsk. James got a Chinese blue sheep in March 2006 and the next year in Russia he got the Kuban (Western) tur and Caucasian chamois.

James H. Lake (CO) got this Caucasian chamois from Russia in August 2007.
