

You saw an Ovis World Slam Milestone Feature earlier for **Jerry Moschgat** (PA) where he was able to get the "Caucasus Slam." I had mentioned to be looking for his Capra World Slam Milestone in this issue and here it is. Jerry wrote about taking a Caucasian chamois on that hunt, so I will use that photo here along with his Gredos ibex and Cantabrian chamois from Spain. You can be looking for more from Jerry in the next few issues of both *OVIS* and *GRAND SLAM* magazines.

Here is how Jerry's Capra World Slam stacks up:

Jerry's Ovis World Slam Milestone earlier was also designated as a Triple Slam Milestone – and notice that this Capra World Slam ALSO carries a Triple Slam logo at the top. I think this is the first time a tur has completed an Ovis Slam, Capra Slam, and Triple Slam simultaneously. Another point we need to make to Jerry here (since this Milestone is shorter and we have the room!) is about our 2008 Trophy Awards. In Jerry's earlier story about the three turs, we learned that all were good and that the Kuban and Mid-Caucasian were outstanding. Jerry, please get those

trophies scored by an SCI Master Measurer and submitted for not only our 2008 Trophy Awards but the SCI/GSCO mountain game record book. Congratulations on all of your Milestones achieved in 2006!

Jerry Moschgat (PA, left) took this Caucasian chamois in Russia on his September 2006 hunt booked through Profi-Hunt.
