

I received a hunt report from **Joe Francois** (WI) on his Dagestan (Eastern) tur hunt from June 2006 and his European mouflon hunt in Spain in October 2006. For some reason, I decided to pull Joe's file and discovered that, even though he did not say so himself, the Dagestan (Eastern) tur made #12 for Joe and earned him his Ovis World Slam! Here is how Joe reported these two hunts:

Joe Francois (WI) completed his Ovis World Slam with this Dagestan (Eastern) tur in Azerbaijan, June 2006. Joe was hunting with Profi-Hunt.

*I hunted with **Profi-Hunt** during June for Dagestan (Eastern) tur in Azerbaijan. I was told it would be a very physical, demanding hunt and the "warnings" were accurate.*
