

**Renee Snider** (CA) recently sent us a few photos of some of her international sheep and goats and here would be a great place to share these trophies. Renee has promised to write reports when she gets a chance, but we know she is a very busy lady, working not only closely with SCI and the **Weatherby Foundation**, but also in her own community of Sacramento. Renee, we look forward to seeing you at the show and maybe we'll get some time to visit.

Renee Snider (CA, left) with PH Vladimir Kosheev and Renee's Caucasian chamois taken from Russia in 2009.
