

Rick Leitheiser (SD) filed this hunt report:

Species: Dagestan (Eastern) tur

Date: August 25, 2006

Rick Leitheiser (SD) took this Dagestan (Eastern) tur in Azerbaijan, August 2006. Rick booked through Profi-Hunt.

hunt with **Rowdy McBride**. He runs a great operation and is a great person to be around. He makes hunting fun!

I shot my Armenian mouflon on the first morning. We saw a herd of 30 sheep with two small rams. We made a stalk on the herd, but we did not see a shootable ram. Then, with luck, here he came, the big ram over the ridge with women on his mind. After about a half hour, I got the shot (just plain outright luck). Oh well, I'll take luck any day over skill. The red sheep was taken on the second day in the evening. Both rams were lucky rams. I would like to thank Rowdy for a great hunt and for taking such big rams.

Location: Azerbaijan

Outfitter / Booking agent: Profi-Hunt

Guide / Local Operator: AYF Safari

Highlights: I took a broomed 10 1/2-year-old ram on the first day of hunting. I shared camp with **Jerry Moschgat** from **Ebensburg, Pennsylvania**. **Mirbala** with AYF was very helpful as a hunting manager. My guide was **Natig**. The mountains are breathtaking and very steep. It was a very organized hunt with no wasted time. Many thanks to **Profi-Hunt** and AYF for a great hunt.
